**Terms of Service:**

This is an estimate – estimates are based on standard poses, appropriate habitat and standard bases. Extreme or custom pose alterations, wood bases, and extreme habitat will incur additional fees. Repair of antlers, horns or poorly handled skins that need extra care and time for repairing, cleaning, or bleaching will incur additional fees. Appropriate habitat is approximately 10-20% additional cost above the mount cost – extreme habitat is approximately 40-50% additional cost. Open mouth features are \$300-\$400 additional depending on species and level of open mouth. Half mounts are 65% of life-size cost + habitat costs. Antler repairs are \$50 per inch with a \$150 minimum charge. A 50% deposit is required for work to be put into the production line-up. You will receive a call 30 days PRIOR to completion for the balance remaining. If at that time the balance cannot be paid, your mount will move down production. Prices do not include crating, shipping, or delivery. All taxidermy work will be paid in full before delivery or shipment. No exceptions. Due to varying conditions beyond our control, Cedar Mountain Taxidermy is not responsible for damage in case of fire, theft, natural disasters, or loss in transit. We cannot assume any responsibility or offer any guarantee of the tanning of any skin. We have no control over any skin or trophy prior to us receiving it for tanning/mounting. Prices are subject to change and completion times are rough estimates made according to the current workload schedule. Any and all material expenses are non-refundable.
